

Lawn Lite

Cat. No. LL

Cat. No. LLGU

The Lawn Lite is designed for insertion into a lawn or garden bed and can be mowed over without damaging the luminaire. The lamp can be directed up to 20 degrees at a bush, tree, or the outside of a building. When replacing a lamp, there is no need to remove the luminaire from the ground due to the vandal-resistant, stainless steel, screw fixing system, which attaches the flange to the body of the luminaire. The Lawn Lite features a 'Flush Fit' lens to stop water pooling and depositing dirt on the lens.

A GU10 version of this luminaire is also available for line voltage lamps.

Ordering Information

Luminaire Type

LL - Lawn Lite
LLGU - Lawn Lite GU10

Flange Option
